

Mt. Rainier Cruisers

February 2009

Meeting Minutes

- Welcome** Welcomed guests and new members
- Treasurers Report** Theresa gave the Treasurers report. Gary reminded everyone that the Club dues are due. Theresa presented the proposed 2009 budget, Gary M went over the proposal line by line. Motion made and seconded to approve the proposed budget, motion passed.
- Old Business** Minutes from the last general meeting are posted on the web site. Roger relayed information from the last Board meeting.
- Committee Reports** Roger is in the process of putting together a planning committee for the Meet and Greet. Anyone interested in participating in this committee let him know. The next planning meeting will be at Roger's on 2/21. Butch gave a report on the clothing committee. We now have the digitized logo back from Deer Creek. Next month he will bring more samples of items we could purchase. He would like to get our logo digitized in a smaller size, which could be used on items like hats. It would cost \$65 to have this done. Motion made and seconded to approve the expenditure, motion passed. Butch also has some merchandise catalogs he can bring to share with the Club. The committee chairs have been appointed, would like to have them come to our Board meetings to give updates on what is happening with each committee. Again, it would be nice to have more people participate in the various committees to take some of the burden off the chair.
- Roster** Once the roster is updated with the current membership information we will get it distributed to everyone. Membership cards can then be printed. Gary M relayed information on a company that can make some very nice looking membership cards for about \$2.00 each. The membership decided to go with that and each member will pay their own costs for the printing.
- Web Hosting** Our website is now up and running. Nancy still has some work to do on it. She is in the process of getting everything transferred over and updated.
- Club Charities** Maxine gave a report on GDA. A representative from the organization came and visited with her. They will be sending a video of the fire, which was close to their training center and the evacuation that took place. She will bring that to the next meeting so we can watch. Carol was contacted by Fisher House, they want to come and speak at our next meeting, she will get back with them on that.
